Davis Vision is an independent company that administers vision benefits on behalf of BlueShield of Northeastern New York. For more information on the Laser Vision Correction Discount Program available through Davis Vision, call 1-800-328-4728.

Your vision care discounts are accessible through Davis Visions Affinity Program. The program provides high quality professional services and ophthalmic materials such as frames, corrective eyeglasses and contact lenses at significant cost reductions. Simply show your ID card to a participating provider and they will apply the appropriate discount at the time of purchase.

Once a member receives an eye exam from a participating Davis Vision provider, Optometrist or Ophthalmologist (see our provider directory or use the Find a Provider feature on our web-site [bsneny.com](http://bsneny.com)), he or she is eligible for the discount program. A member must obtain services for their materials coverage through a Davis provider. Most Davis providers will honor prescriptions from participating Optometrists or Ophthalmologists. A member is eligible for the discount program on an unlimited basis for the rest of the plan year.

Discounts are subject to change.
