

Delaware Avenue Improvement Group (DAIG)

The DAIG is a public-private cooperative promoting and supporting improvements on Delaware Avenue with the overarching goal of enhancing our main street corridor for commercial, social, and civic benefit. While the initial focus of the DAIG is Delaware Avenue, we are hoping that the business community will take what we accomplish and use it as a model for other commercial areas of town.

For more information on the Bethlehem Business to Business program, or if your business would like to be included on this list, please contact:

Bethlehem Business To Business

Bethlehem businesses working together to improve Delaware Avenue

Bethlehem Business to Business

Bethlehem Business to Business, a new initiative from the Delaware Avenue Improvement Group (DAIG), encourages Delaware Avenue businesses to utilize local businesses when undertaking business improvements. The businesses listed will provide an incentive/discount to Delaware Avenue businesses looking to complete beautification projects. The completion of small scale, inexpensive projects can be a cost effective way to make your business more attractive to new customers.
