

## ENB - Region 4 Notices 10/08/2008

### Public Notice

#### Notice of Public Scoping

**Albany County** - The New York State Department of Environmental Conservation (NYS DEC), as lead agency, has determined that the proposed Lafarge Modernization Project may have a significant impact on the environment and that a Draft Environmental Impact Statement (DEIS) must be prepared.

Written comments may be submitted on the draft scoping outline and will be accepted by the Department until close of business on November 10, 2008. **A Public Scoping session is scheduled for Wednesday, October 29, 2008 at the Ravena-Coeymans-Selkirk High School auditorium from 7 p.m. to 9 p.m., which will provide the public an opportunity to comment on the Draft Scope.**

The proposed action involves modernizing the existing Lafarge cement facility, replacing the existing wet manufacturing process with a dry manufacturing process. The proposed modernization includes the construction of a new tower of 525 feet, and increased carbon monoxide emissions. Other emissions and operations such as water use, effluent discharge, and generation of solid waste will decrease or remain relatively unchanged.

The facility is located in the town of Coeymans, Albany County, east of Route 9W approximately 2.25 miles north of the intersection of Route 143 and Route 9W.

Copies of the Environmental Assessment Form, the Positive Declaration, the draft Scoping Outline are available for review at the website:  
[www.bethlehemchamber.com/modernization](http://www.bethlehemchamber.com/modernization) or at the following Town Halls and Libraries:

#### Town Halls

Coeyman's Town Hall
