<sup>1</sup>Some services are subject to notification requirements, e.g. Prior Authorization. See your Certificate of Coverage under *How This Policy Works* details.

<sup>2</sup>A network provider must deliver all care. MVP's High Deductible Health Plan's include National Network coverage. Your payment is the Copay listed or the actual cost of the service, whichever is less.

<sup>3</sup>How the family Aggregate deductible works: For this plan, one or more family members' covered expenses must meet the family deductible amount (outlined above) each Contract Year before MVP will make benefit payments for all of the members of a family. All family members' expenses are subject to the Family annual out-of-pocket amount and, except for Preventive and Well Care Services, to the Family deductible amount.

<sup>4</sup>This represents a partial list of preventive services covered under this Plan. MVP will also cover all preventive services as required under the Patient Protection and Affordable Care Act of 2010 (PPACA). For a full listing of the PPACA preventive services, including any applicable limitations, please visit [www.healthcare.gov](http://www.healthcare.gov).

<sup>5</sup>X-rays usually require two providers' services, one for taking the X-ray, the other for interpreting results. Payments for each may apply and are based on where the work was done.

<sup>6</sup>Certain prescription drugs require Prior Approval before dispensing. As a guide, visit [www.mvphealthcare.com](http://www.mvphealthcare.com), and click on the *Member* tool bar, then click the *Pharmacy* Tab and look under Drug Coverage for the Formulary (covered drugs) chart. Drugs listed with the "#" indicator require Prior Approval.
